

Mixed Low-Level Waste Treatment, Storage and Disposal

An aerial photograph of the DOE Complex waste management facility. The image shows several large white industrial buildings, numerous white storage tanks, and a large rectangular trench in the foreground. A blue arrow points from the text box to the trench. The surrounding area is dry and brown.

First RCRA mixed waste
trench in the DOE Complex.

Received, stored and disposed of a
wide variety of MLLW.

_____ Safe and Expeditious Disposal of Waste
